BRENDA MILNER AWARD 2021

"It is truly a great honor that an award is to be named after me and I do accept with pleasure. I do thank you for thinking of me and for keeping me informed about the award process."

With kind regards,

Brenda Milner, Sc.D.
Dorothy J. Killam Professor
McGill University"

DESCRIPTION

Brenda Milner is the renowned British-Canadian clinical neuropsychologist widely regarded as the founder of neuropsychology and as pioneer in the field of memory research - her most famous patient was Henry Molaison - H.M.

The CRC1315's "Brenda Milner Award" was established to recognize an outstanding female scientist in the CRC1315 network. The award comprises financial support amounting to 15.000 EUR for project consumables and collaborations. Depending on the number of awardees, the sum may vary.

ELIGIBILITY

1. Female members in the CRC1315 network (Phd, Postdocs, GEROK or PI) with "member" or "associate-member" status in the CRC.
2. Coauthors of submitted, accepted, in-press and published original papers in which the nominee has contributed significantly to the original work
3. All mentioned papers must acknowledge CRC funding: e.g., "Funded by the Deutsche Forschungsgemeinschaft (DFG, German Research Foundation) – Project number 327654276 – SFB 1315."

NOMINATIONS

1. Name, CRC1315 sub-project number and institutional affiliation.
2. A short paragraph up to 300 words explaining why you wish to nominate the candidate, including pdf(s) of submitted, accepted or published original research.

DATES

Nomination deadline:
Nov 16, 2020

Award announcement:
Dec 1, 2020

Effective:
Jan 1, 2021
